Subway Tile dates back to the early 1900's and has a distinctive charm and character. In the right setting, it can have a traditional feel or be easily updated to a modern, sleek look. This series offers three rectangular sizes, a 3 × 6, 3 × 12, and 4 × 16. The trim package includes pencil bullnose, bead, beak, SBN (Surface Bullnose), DBN (Double Bullnose), and Cove Base.

When installing rectangular or square tiles 15 inches or longer with a staggered joint, it is recommended that the offset should not exceed 33%, unless otherwise specified by the manufacturer.

DCOF rating is a measurement of a tile's frictional resistance. It is the specifier's responsibility to ensure the chosen tile is appropriate for each interior and exterior application.

Standard packaging quantities are noted above, but variances may occur.
